LS7000 SERIES NEXT LUXURY SAFE

LS7001FW

LS7002FO

LS7001FB

THE PHOENIX NEXT SERIES is a masterpiece in Design, Security and Fire Protection. Available in a range of stylish modern Oak, Black and White finishes. It also features a slide and hide lock panel for extra security. The safe is ideal for modern office and homes when the need for discreet protection is required.

- **FIRE PROTECTION (PAPER)** – Tested to the International NT Fire 017-60 Paper standard, providing 60 minutes fire protection for paper documents.
- **SECURITY PROTECTION** – The safe is recommended for an overnight cash risk of £3,000 or £30,000 valuables*.
- **LOCKING** – Fitted with an advanced high security fingerprint and touch panel lock. The lock can store up to 128 different fingerprints. The clear LED display also makes operating the lock extremely easy. To further enhance security the lock also features tamper lockout, internal alarm, dual control, hidden code and unlimited scrambled code as standard.
- **FIXING** – Ready prepared for floor fixing with fixing bolts for concrete supplied.
- **FITTINGS** – Fitted with luxury wooden drawers, with fully lined base to protect your valuables. Additional drawers available on request to suit your own requirements.
- **SECURITY CONSTRUCTION** – The safe is locked by 3 way live locking bolts, each bolt 32mm in diameter for extra strength. Strategic points like the lock and bolts are further protected by anti-drill plates.
- **DROP TEST** – Fire and impact tested from 9.1 metres for resistance to the impact of falling through the burning floors of a building.
- **COLOUR/FINISH** – Stylish door panels available in oak, black & white, plus slide and hide lock panel. Body finished in a high gloss black.

FS2232K

Data protection
Insert (FSDPI08)

THE PHOENIX ARCHIVO FIRE FILE series offers unrivalled protection for documents and data† in a stylish modern filing cabinet format. Ultra lightweight insulation materials also mean the cabinet can be used on most standard floors without the need for supporting.

- **FIRE PROTECTION (PAPER)** – Tested to the international NT Fire 017-60 paper standard, providing 60 minutes fire protection for paper documents.
- **FIRE PROTECTION (DATA)** – 60 minutes fire protection for Computer tapes and data when optional FSDPI08 is specified.
- **FIRE PROTECTION (DIGITAL MEDIA)** – Tested to MTC DIP120-60DM fire test standard, providing 60 minutes fire protection for digital media, USB's, memory sticks and hard drives.
- **WATER RESISTANCE** – Water resistant seals prevent water damage to contents when cabinet is subjected to sprinklers systems or fire hoses.***
- **DROP TEST** – Fire and impact tested from 9.1 metres for resistance to the impact of falling through the burning floors of a building.
- **LOCKING** – Fitted with a high security plunger lock that operates independently on each drawer. This allows for any combination of open or locked drawers.
- **CAPACITY** – Able to accommodate Foolscap, A4 and A5 files on width adjustable rails. Each drawer also accommodates a filing depth of 505mm.
- **COLOUR** – Finished in a high quality scratch resistant white paint RAL9003.
- **GDPR** – Maintain GDPR Compliance at home or in the office by keeping your company's vital and important records secure and protected.

SS0300 SERIES DIONE HOTEL & LAPTOP SAFES

SS0301E

SS0302E

SS0311E

SS0313E

THE PHOENIX DIONE SERIES are ideal for hotel, residential or business use, for the storage of tablets, laptops, cash and valuables.

- **SECURITY PROTECTION** - Recommended for £1,000 cash or £10,000 valuables storage*.
- **LOCKING** – **SS0301E & 2E** are fitted with an advanced 'user friendly' electronic lock with high security anti-tamper or bounce solenoid locking system. For added peace of mind these safes are fitted with a key override facility and Master code facility.
SS0311E & 13E are fitted with a high security motorised electronic lock, programmable with user and master codes. An LED display shows lock status. The lock can also be specified with an optional audit trail reader that can display or print the last 200 openings (SS0311E) or 100 openings (SS0313E) of the safe. This provides extra security in hotel and office use. For added peace of mind these safes are fitted with a key override facility (2 keys supplied).
- **SPECIAL FEATURES** – Fitted with a bright LED interior light so that

contents can easily be seen, even in the most dimly lit cupboards. The internal width of these (excluding SS0301E) makes it ideal for the storage of widescreen laptops. SS0313E uses a lock that is centrally mounted allowing the door to be left or right hinged (factory order only).

- **FIXING** – Ready prepared for floor or wall mounting (supplied with bolts suitable for brick walls or concrete floors).
- **OPTIONAL** – Internal USB & plug charging facility. Call for further details.*
- **COLOUR** – Finished in a high quality scratch resistant metallic graphite paint. SS0313E finished in black.
- **GDPR** – Maintain GDPR Compliance at home or in the office by keeping your company's vital and important records secure and protected.

HYPERION SERIES DEMOUNTABLE STRONGROOMS & VAULT DOORS

**Approved for Storage
of Controlled Drugs**

Home Office

THE PHOENIX HYPERION SERIES is designed to meet the exacting standards of customers demanding the best in secure protection. Suitable for use by the banking industry, bullion dealers, jewellers, safety deposit centres and the pharmaceutical industry. We can design a solution to meet customers specific requirements.

- **SECURITY PROTECTION** – Tested to EN1141-1 EFSG, with grading ranging from Grade II through Grade XI, providing Core Drill (CD) and Explosive (EX) protection.
- **CONSTRUCTION** – Composed of precast sections of steel that are typically 500mm wide. The vaults are securely constructed on site either by welding or bolting, for fast and tidy construction. The vaults and doors can be designed and manufactured to suit specific requirements, including to accommodate fork lift trucks. The external fascia is finished with concrete that can be boarded.
- **LOCKING** – Hyperion vaults can be secured with a keylock combination or digital locking, complete with time lock and delay features. The vaults can also be fitted with a grille gate, suitable for daytime use.
- **COLOUR** – The steel internals of the vaults are finished in a high quality, scratch resistant cream coloured primer paint.
- **INSTALLATION** – Phoenix Safe offer a custom design and installation service, allowing us to meet our customers exact requirements, providing expert support at every stage of the process.

PANDORA SERIES SAFETY DEPOSIT LOCKERS

THE PHOENIX PANDORA SERIES is designed to provide deposit solutions for a resurgent security deposit industry. The Pandora series can be scaled to a solution that meets your exact requirements.

Deposit lockers are a popular option for those looking to store valuable, important or expensive small items such as bullion, jewellery, documents such as birth certificates and deeds, or cash and rare coins.

- **SECURITY PROTECTION** – The doors on each locker are tested to meet the Swedish SSF1048-2 certification. The Pandora Series is designed to be accommodated within our Hyperion Demountable strongrooms, which offer a minimum of EN 1143-1 Grade VIII EX CD European test certification.
- **LOCKING** – Each locker has its own unique, mechanical key lock which is exclusive to the user of the locker and is replaced for every successor to ensure complete peace of mind for customers. The Pandora series also offers optional electronic computer-controlled locking with biometric, proximity card or PIN code entry.
- **FINISH** – The columns are finished with attractive solid aluminium forged doors, surrounded by a grey painted steel frame.
- **SPECIAL FEATURES** – Electronically controlled doors allow customers to access their lockers without the need for staff presence. The systems software allows you to manage the installation to Financial Conduct Authority (FCA) guidelines. The system also includes an alarm that will sound if somebody tries to tamper with the units.

TARTARUS SERIES LITHIUM ION BATTERY STORAGE

The Phoenix Tartarus Series offers a safety storage solution for Lithium-Ion batteries. Lithium-Ion batteries present many risks including thermal runaway caused by a rise in temperature, a shock or faulty manufacture. This can result in the battery igniting and causing a fire.

FIRE PROTECTION – Tested to EN14470-1 (part 1) for 90 minutes and to EN1363-1 for 90 minutes. Fire resistance of 105 minutes according to ISO curve 834.

APPROVALS – Uses standard pictograms conforming to ISO 3064 and ISO 7010 directive 92/58/EEC.

LOCKING – Supplied with high security key lock.

SPECIAL FEATURES – Can be equipped with VIG100 security and control kit containing visual and audible alarm, control box, smoke detector and EX100Li passive fire extinguisher. EX100Li available separately. Perforated and retentive shelves to manage liquid spills. Ventilation options to vent externally or to seal in the event of a fire. Automatic closing and locking doors fitted with intumescent seals. Can be equipped with up to 5 x 9 electrical sockets to charge stored batteries. Fixing point for earthing link.

FITTINGS – Cabinets supplied empty but popular configurations available as a package.

COLOUR – Finished in a high quality scratch resistant white epoxy RAL 9010.

Available in a variety of sizes. For further information contact the sales team.

SS0800 SERIES VELA DEPOSIT HOME & OFFICE SAFES

SS0801ED

SS0804KD

LED INTERNAL LIGHT
(ED LOCK VERSION ONLY)

SS0802KD

THE PHOENIX VELA DEPOSIT SERIES is designed for use at home or in the office for storage of valuables, cash and important documents. With its high quality key-lock or user friendly electronic lock it is ideal for multiple applications.

- **SECURITY PROTECTION** – Recommended for overnight cash cover of £1,000 cash or £10,000 valuables.*
- **LOCKING** – **SS0800KD** fitted with a high quality key-lock and comes complete with two keys. **SS0800ED** has advanced 'user friendly' electronic locking with high security anti-tamper or bounce solenoid locking system. For added peace of mind these safes are fitted with a key override facility (2 keys supplied).
- **LIGHTING** – The electronic locking versions of the Vela range all come fitted with a bright LED interior light so that contents can easily be seen, even in the most dimly lit cupboards.
- **CONSTRUCTION** – Twin live locking bolts and concealed internal hinges for increased security.
- **DEPOSIT SLOT** – Fitted with a deposit slot with anti-fish baffle plate to ensure that the contents cannot be 'fished out'. Dimension 150 x 12mm.
- **FIXING** – Ready prepared for fixing to the floor or wall, with fixing bolts supplied for brick walls or concrete floors.
- **COLOUR** – Finished in a high quality scratch resistant metallic graphite paint.
- **GDPR** – Maintain GDPR Compliance at home or in the office by keeping your company's vital and important records secure and protected.

PHOENIX SS0991 UNDER COUNTER NOTE DEPOSIT SAFE

The **SS0991KD** is ideal for retail environments where there is a need to safely store notes from the till drawer, without staff having access. The unit is also portable so that it can be unlocked from the counter and taken to the cash office for secure sorting.

- **LOCKING** – Fitted with two key locks each and supplied with two keys. One lock secures the unit to the base tray, the second lock releases the stored notes.
- **DEPOSIT FACILITY** – Note deposit facility (Not suitable for coins).
- **SPECIAL FEATURES** – Under counter mounting plate with key release. Allows unit to be removed from the counter and emptied in a secure cash room.
- **CONSTRUCTION** – Constructed of solid steel plate.
- **FIXING** – Supplied with a fixing plate and fixings to secure under a counter.
- **COLOUR** – Finished in a high quality scratch resistant white paint RAL9003.
- **GDPR** – Maintain GDPR Compliance at home or in the office by keeping your company's vital and important records secure and protected.

PHOENIX SS0992 CASHIER DAY DEPOSIT SAFE

Front loading day deposit safe for cash management. Ideal for under counter locations, allowing the safe deposit of cash from a till drawer.

- **SECURITY PROTECTION** – Recommended for overnight cash cover of £1,000 cash or £10,000 valuables.
- **LOCKING** – **SS0992KD** – Fitted with a high security double bitted lock supplied with two keys. **SS0992ED** – Fitted with a high security VdS class II electronic lock.
- **DEPOSIT FACILITY** – Fitted with a lockable deposit (2 keys supplied) with Phoenix tilting baffle plate to ensure that the contents cannot be 'fished out'.
- **CONSTRUCTION** – Constructed of 6mm steel plate door and 2mm body.
- **FIXING** – Ready prepared for floor and wall fixing with bolts supplied.
- **COLOUR** – Finished in a high quality scratch resistant metallic graphite paint.
- **GDPR** – Maintain GDPR Compliance at home or in the office by keeping your company's vital and important records secure and protected.

KC0600 SERIES COMMERCIAL KEY CABINETS

**smart
LOCK** 

A series of high quality Key Cabinets ranging from 42 hook up to 600 hook units.

- **LOCKING – KC0600K** – Manufactured with a high quality cylinder lock supplied with 2 keys.
- KC0600E** – Fitted with a high quality electronic code lock, programmable with users own 4 digit code which can easily be changed when required.
- KC0600S** – As KC0600E with added feature of Push shut latch mechanism (Not available on KC0606 & KC0607 double door units).
- KC0600N** – Fitted with the NetCode 1000 lock allowing temporary access to the cabinets via the web-based NetCode Portal. NetCode is activated prior to the lock owner shipping and installing at a remote site. The NetCode Portal allows you to register and set up your account, activate your locks and generate time-sensitive codes. Using

time-sensitive codes is a more secure way to grant access as the code will not work outside a designated timeslot. Generated codes can be sent by email or SMS to any email account or mobile phone.

KC0600P – Fitted with a Euro cylinder lock case. Optional (SP0600/Euro Lock) 35mm cylinder available separately, allowing you to add to your key system.

- **SPECIAL FEATURES** – Each unit comes with adjustable hook bars and number labels to suit. The 400 and 600-hook units are double door cabinets.
- **FIXING** – The cabinets have pre-drilled fixing holes for wall mounting.
- **FINISH** – Finished in a high quality durable powder coated finish.
